Please note that:

- **For School Meals and CACFP:** Raw leafy green vegetables credit as half the volume served (For example: 1 cup raw spinach credits as 1/2 cup dark green vegetable)
 - **For School Meals and CACFP:** Dried fruits credit as double the volume (For example, 1/2 cup raisins credits as 1 cup fruit).
 - **For School Meals Only:** Any quantity remaining after the credit has been determined for each vegetable subgroup is combined to ensure the maximum credit for the vegetables. If this combined quantity provides a minimum of 1/8 cup, it is credited towards the Additional Vegetables. If the RAW contains no Starchy vegetables, then the program operator may instead choose to manually credit the remaining Additional Vegetables towards the Other Vegetables subgroup.
- NOTE:** Total creditable amount cannot exceed the serving size of the product.
